### Government High School Timravan

10th Standard

Raisen, Madhya Pradesh

May 2020

- Cumulative Percentage: 98% (3rd Rank in District)

## PROJECTS

---

### Narmada Yatra

Mar 2025 – Ongoing

Full-Stack Developer

- Created the Narmada Yatra Project, a full-stack web application designed to highlight the spiritual, cultural, and ecological significance of the Narmada Parikrama pilgrimage, promoting awareness and sustainable tourism through digital storytelling.
- Developed the front-end using **React.js**, implemented the backend with **Node.js** and **Express.js**, and integrated **MongoDB** for database management. The platform features interactive maps, information-rich pages on key locations, and a community blog section where users can share and read real experiences from fellow travelers.
- GitHub Repository

### Sumz – AI Text Summarizer

Nov 2024 – Dec 2024

Frontend Developer

- Developed the AI Text Summarizer, a **React.js**-based application that leverages **Rapid AI** to generate concise and accurate summaries of lengthy texts in real time, enhancing productivity and saving time.
- Designed and implemented a user-friendly interface with customizable output lengths, responsive design, and intuitive elements, using **React.js** for the front-end, **Rapid AI** for natural language processing, and **HTML** and **CSS** for styling.
- GitHub Repository

### Voting App

Nov 2024 – Dec 2024

Backend Developer

- Engineered the backend of the Voting App using **Node.js**, **Express.js**, and **MongoDB**, ensuring a secure, scalable, and efficient infrastructure to manage voting functionalities. The backend supports user authentication, poll creation, vote management, and data storage, guaranteeing a smooth user experience and data integrity.
